

HARVARD SPACE LAW SOCIETY

Greetings from the 2025-26 Board of the Harvard Space Law Society!

The goal of the Harvard Space Law Society is to create a social and professional network within Harvard Law School for students interested in working on the fascinating legal questions concerning space post-graduation. We are a student-run organization that seeks to promote the study, practice, and development of space law on campus.

Partnering with the Space Law Society has proven to be a valuable connection to Harvard Law students for our current sponsors. As a Gold Sponsor, you would have the opportunity to visit campus and lead an exclusive lunch event that highlights the work of your organization. Silver Sponsors have the opportunity to participate in a space law careers forum with other individuals and organizations on campus. As a member of our network, you have the additional opportunity to reach HLS students directly through our organization emails and newsletter, and have your organization's name and logo promoted on our website and event materials.

The Space Law Society would love to partner with you and assist you in recruiting the best legal talent from HLS. We are excited to continue to fulfill a compelling need for our students who want to work in Space Law, the space sector, and adjacent fields. We hope you will consider sponsoring us this year.

Please review the Sponsorship Guide below and let us know if you have any questions!

If you are interested in sponsoring our organization, please email us at **space@mail.harvard.edu**.

Thank you for your time, and we hope to hear from you soon!

Eliahna McFarlane & Quincy Tichenor,
Co-Presidents
